# Portfolio lending explained

Your 'what', 'how' and 'how much' questions about our Portfolio Buy To Let loans answered.

## What we mean by 'portfolio lending'

To qualify for our Portfolio Buy To Let (PBTL) products, applicants must have at least one buy to let property in a limited company or LLP **or** at least four buy to let properties as a sole trader or partnership.

### Our portfolio restrictions

The maximum portfolio size we can consider is 25 properties. The maximum we can lend against is 10.

### Our loan size and LTV

Our maximum loan against any single property in a portfolio is £1,000,000. Our maximum total loan is £3,000,000. This can be per individual or across associated entities.

Our minimum individual loan is £75,000.

# Portfolio lending explained

Your 'what', 'how' and 'how much' questions about our Portfolio Buy To Let loans answered.

We base our LTV limits on the individual mortgage values detailed below. Every property we lend against must meet these:

- For loans up to £500,000 we offer up to 80% LTV.
- For loans greater than £500,000 we offer up to 75% LTV.
- For loans against ex local authority properties we offer up to 60% LTV.

## Loan Term

Our maximum loan term is 25 years. Our minimum loan is the product term.

## General criteria

- All PBTL loans are for the moment remortgage only and interest only.
- Properties we lend against must have been owned by the applicant for at least 6 months.
- We don't accept applications for houses in multiple occupancy (HMOs).
- We don't accept applications from investment clubs or syndicates.
- We won't allow any second charges at the point of completion.

## Offer validity

All our offers are valid for 3 months.

## Credit status

### Credit scoring

We credit score all our applications before our underwriters assess the loan request. For sole trader and partnership applications, we'll score all individuals on the application. For limited companies and LLPs, we'll score both the individuals and the corporate entity.

We won't be able to accept any applications from individuals and (where relevant) corporate entities that don't hit the minimum acceptable score.

### Credit history

We can't accept any private individuals (sole traders, partners, directors and shareholders of limited companies and members of LLPs) with:

- Bankruptcies, IVA, debt management plans or similar.
- Any CCJ or Defaults registered within the last 6 months.
- Any CCJ or Defaults of more than £500 in the last 3 years, or more than 1 CCJ or Default registered in the last 3 years.
- Any mortgage or secured lending arrears in the last 12 months.
- More than 3 instances of arrears on any unsecured lending (i.e. credit cards, loans) in last 36 months.

We can't accept limited companies or LLPs with:

- Any history of bankruptcy, liquidation, IVA or similar.
- Any CCJ or Defaults registered within the last 6 months.
- Any CCJ or Defaults of more than £500 in the last 3 years, or more than 1 CCJ or Default registered in the last 3 years.

## Affordability and valuation

- All applications will be subject to interest coverage (ICR) assessment.
- We'll use a stressed interest rate for ICR testing. The stressed rate will be the loan rate + 2%, or 5.5% - whichever is higher.
- ICR testing will be completed on the total portfolio.
- If a total portfolio meets our Primary ICR requirement but individual properties inside the portfolio do not, those properties must meet the Secondary ICR Requirement.

Our ICR requirements are as follows:

Customer Type	Primary ICR	Secondary ICR
Individual	145%	125%
Ltd Company/LLP	125%	110%

- We will ask for evidence of rental value for all properties in the portfolio. If possible, this will be an automated valuation model (AVM) rental valuation.

If we can't use an AVM:

- We'll need a physical valuation for all properties to be mortgaged with Atom bank.
- For all other properties in the portfolio, we'll need a copy of the current tenancy agreement.

Who we can lend to, and the criteria they need to meet.

## Valuation

Every property to be mortgaged to Atom will also need a capital valuation.

To speed up the process, we'll use an automated valuation model (AVM) where we can. Physical valuations will be needed for any property with an estimated value of £500,000 or more, or an estimated monthly rental income of £2,500 or more.

We can only carry out an AVM if the property:

- Is a standard construction.
- Has no significant structural alterations.
- Has no subsidence, heave or landslip issues.
- Has not been flooded in the last 5 years.
- Has no coastal or river erosion.
- Has no more than 3 floors if it's a house, or 2 floors if it's a flat.

The information in this document should be used as a guide to our lending policy. If you have a case that falls outside of this criteria, but think we should consider anyway, then contact your National Account Manager to discuss.
